## Security Gates...

As you know, we now have a NEW security system in place. Each resident should have a four digit code to open the gate from the control box.

Your personal four digit code should NOT be shared with anyone. A code can be created for each of your vendors or for a special event (i.e. party, lawn maintenance, house-

keeper). This way we can disable a code if you should happen to terminate a contractor, without affecting the others. Periodically, the system is purged of codes that are not associated with a current resident or an approved vendor.

Please contact Donna Segan if you need a new code. New gate clickers can be purchased from the Association through CEA for \$45 each.

## Home Modifications...

Please remember that any exterior modifications to your home must first be approved by both the Oakmont Village ARC and the Master Association ARC. ARC forms should be mailed to CEA Property Management.

## Parking...

It is OUR policy to park on the ODD side of the road. This is especially important for emergency response vehicles.

On street parking should be used only to accommodate temporary overnight guests and daytime visitors. Utilizing your driveways and garages is strongly encouraged.

If a vehicle is parked in front of a mailbox the postal workers will not deliver the mail. The PBSO patrols all the villages in Madison Green and have issued warnings and citations for vehicles parked across the sidewalk and also if your vehicle is parked in the street against traffic.
